

# Don't Let PG&E Burn You Again

## **PROTECT YOUR RIGHT TO RECOVER**

PG&E is quietly working at the State Capitol to change California's liability laws — to shield itself from any financial responsibility for the wine country fires, even if found to be negligent, hurting the right of victims to recover their losses.

**Call and write the Governor and your legislators today.** Share your personal story of loss. Explain how the fire has impacted your life. And respectfully ask that they protect your right to fairly recover if PG&E is found responsible.

GOVERNOR EDMUND G. BROWN  
State Capitol, Suite 1173  
Sacramento, California 95814  
Phone: 916-445-2841

SENATOR BILL DODD
