1 Plaintiff **SCOTT A. OLSEN**, an individual, on behalf of himself and on behalf of all others
2 similarly situated (*i.e.*, the members of the Plaintiff Class described and defined within this
3 Complaint), brings this class action complaint against Defendant **FCA US, LLC** (herein after
4 “Defendant”). Plaintiff herein alleges as follows:

5 **I. INTRODUCTION**

6 1. This consumer class action arises out of Defendant FCA US, LLC’s failure to disclose
7 a uniform and widespread defect causing its 2017 to 2018 Chrysler Pacifica Plug-in Hybrid Electric
8 Vehicles (“PHEVs”) to explode and catch fire. Worse yet, Defendant admits the root cause of these
9 fires is unknown, and no remedy exists to date.

10 2. Defendant FCA US, LLC has asked owners of 2017 to 2018 Chrysler Pacifica Plug-In
11 Hybrid Electric Vehicles (“PHEVs”) to abstain from plugging in their minivans and parking near
12 buildings and other cars after its internal investigation uncovering **twelve (12) fires** among the
13 Chrysler minivans.

24 (Source: Szymkowski, Sean. “Chrysler Pacifica Hybrid Recalled Because
25 Minivan Could Catch Fire.” *Roadshow*, CNET, 10 June 2020,
26 [https://www.cnet.com/roadshow/news/chrysler-pacifica-hybrid-recall-
minivan-fire/](https://www.cnet.com/roadshow/news/chrysler-pacifica-hybrid-recall-minivan-fire/).) (Last accessed: March 17, 2022).

27 3. This case involves one of the many individuals who purchased a Chrysler Pacifica
28 PHEV and is at risk of an exploding car fire—Scott A. Olsen (“Plaintiff” or “Mr. Olsen”) from Chula

1 Vista, California. Mr. Olsen purchased a 2018 Chrysler Pacifica PHEV on February 10, 2018.
2 Plaintiff, for himself and all others similarly situated, brings this class action in response to the
3 serious manufacturing defect in their minivans that can result in catastrophic damages to their
4 vehicles.

5 4. These vehicles (hereinafter “Class Vehicles”) are the 2017 and 2018 models of the
6 Chrysler Pacifica PHEVs. The Class Vehicles are at risk of exploding or catching fire due to an
7 unknown root cause, resulting in an immediate risk to the vehicles’ occupants or the property
8 surrounding the vehicles. The following are examples of Class Vehicle fires:

<https://www.pacificaforums.com/threads/pacifica-hybrid-burnt-to-the-ground.43185/>)(Last accessed: March 17, 2022).

1 5. On **February 11, 2022**, after receiving numerous complaints regarding Class Vehicle
2 fires, Defendant FCA, US LLC issued Recall No. 22V-077 (hereinafter, the “Recall” or “Chrysler
3 Recall”) for the Class Vehicles.¹

4 6. The Chrysler Recall admits that Chrysler has no remedy at the moment for the Class
5 Vehicles: “FCA US will conduct a voluntary safety recall on all affected vehicles. Remedy is under
6 development. Until further notice, the Company is advising owners of these hybrid vehicles to refrain
7 from recharging them, and to park them away from structures and other vehicles.” The Recall report
8 states that, “Remedy is under development. Root cause is unknown.”²

9 7. As a result, Class Vehicle owners and lessees have been burdened with vehicles that
10 do not perform as advertised and **cannot be safely parked like other cars**. Due to the undisclosed
11 defect, Plaintiff and Class Members were deprived the benefit of their bargain in purchasing or
12 leasing their Class Vehicles. Further, Plaintiff and Class Members suffered an ascertainable loss of
13 money, property, and/or value of their Class Vehicles. Plaintiff brings this action individually and on
14 behalf of all other current and former owners or lessees of the Class Vehicles. Plaintiff seeks
15 monetary damage and injunctive and other equitable relief for Defendant’s misconduct in the design,
16 manufacture, marketing, sale, and lease of the Class Vehicles as alleged in this Class Action
17 Complaint.

18 **II. JURISDICTION AND VENUE**

19 8. Jurisdiction is proper under 28 U.S.C. § 1332(d)(2) because Plaintiff, a resident of
20 Chula Vista, California, seeks relief on behalf of a Class, which will result in at least Class Member
21 belonging to a different state than that of Defendant. Defendant FCA US, LLC is headquartered in
22 Michigan. Plaintiff seeks damages, which, when aggregated among a proposed class in the
23 thousands, exceeds the \$5,000,000 threshold for federal court jurisdiction. Therefore, both diversity
24 jurisdiction and the damages threshold under the Class Action Fairness Act of 2005 (“CAFA”) are
25 present, and this Court has jurisdiction. This Court also has supplemental jurisdiction pursuant to 28
26 U.S.C. § 1367(a).

² *Id.* at 3.

1 9. This Court has personal jurisdiction over Plaintiff because Plaintiff resides in San
2 Diego County and submits to the Court’s jurisdiction. This Court has personal jurisdiction over
3 Defendant because Defendant has conducted and continues to conduct substantial business in
4 California, and has sufficient minimum contacts with California in that (1) Defendant FCA US, LLC,
5 is registered to do business in the State of California with its registered office located at the address:
6 5000 Birch Street, Suite 10000, Newport Beach, Orange County, State of California; (2) Defendant
7 FCA US, LLC maintains “Los Angeles Parts Distribution Center” located at 5141 Santa Ana Street,
8 Ontario, CA 91761 (San Bernardino County); (3) Defendant FCA US, LLC maintains dealerships
9 selling Class Vehicles across the United States, including California; (4) Defendant engaged in a
10 media campaign targeting California consumers; and (5) as noted by Chrysler, forty percent of all
11 hybrids are sold in the State of California. California is the biggest minivan market in the country.
12 *See infra*, Section V.C.2.

13 10. Venue is proper in the United States District Court for the Southern District of
14 California pursuant to 18 U.S.C. § 1391(b) and 18 U.S.C. § 1441(a) because Defendant does business
15 within the state of California. Defendant sells a substantial amount of automobiles in this District,
16 and has dealerships in this District, including Pedder Chrysler Dodge Ram Jeep of Poway, a
17 dealership located in Poway, California. Venue is also proper because Defendant caused harm to
18 Class Members residing in this District.

19 **III. PARTIES**

20 **A. Plaintiff**

21 11. Plaintiff SCOTT A. OLSEN (hereinafter “Plaintiff”) is a resident and citizen of Chula
22 Vista, California. He purchased a new 2018 Chrysler Pacifica PHEV on February 10, 2018 at Pedder
23 Chrysler Dodge Ram Jeep of Poway, a dealership located in Poway, California. Mr. Olsen made the
24 decision to purchase a 2018 Chrysler Pacifica PHEV (**Vehicle Identification Number (“VIN”):**
25 **2C4RC1N71JR168392**) after researching, viewing, and relying on television, print, and online
26 Chrysler advertisements depicting the Class Vehicle as the “most family friendly minivan in its
27
28

1 class,” and assuring consumers that, “[y]our family’s safety and security are what matter most.”³
2 Based on information and belief, those same television, print and online advertisements were
3 disseminated by Defendant throughout California and the United States regarding the safety of the
4 Class Vehicles.

5 12. Since the Recall, Mr. Olsen has been left with a vehicle that could catch fire at any
6 second, resulting in an immediate risk to his vehicles’ occupants, including his disabled son Steven
7 Olsen, or the property surrounding his vehicle.

8 **B. Defendant**

9 13. Defendant FCA US, LLC is a corporation, formerly known as Chrysler Group, LLC,
10 organized and in existence under the laws of the State of Delaware.

17 14. Defendant’s principal place of business is in the State of Michigan. At all times
18 relevant herein, Defendant was engaged in the business of designing, manufacturing, constructing,
19 assembling, marketing, distributing, and selling automobiles and other motor vehicles and motor
20 vehicle components in the United States.

21 15. FCA US, LLC offers passenger cars, utility vehicles, minivans, trucks, and
22 commercial vans, as well as distributes automotive service parts and accessories. As the North
23 American arm of Fiat Chrysler Automobiles, FCA US, LLC manufactures a range of vehicles under
24 its Fiat and Chrysler brands, including Jeep, Ram, Dodge, Alfa Romeo, and Abarth at 45 plants in the
25 United States and Mexico. It ships about 2.5 million vehicles every year. It also features its parent's

3 16. From its headquarters in Michigan, Defendant FCA US, LLC marketed the Class

5 **IV. AGENCY/JOINT VENTURE/AIDING AND ABETTING/CONSPIRACY**

6 17. Plaintiff is informed and believes, and upon such basis alleges, that at all times herein
7 mentioned, all unnamed co-conspirators were an agent, servant, employee and/or joint venture of
8 Defendant, and was at all times acting within the course and scope of said agency, service,
9 employment, and/or joint venture.

10 18. Defendant and unnamed co-conspirators, and each of them, aided and abetted,
11 encouraged and rendered substantial assistance in accomplishing the wrongful conduct and their
12 wrongful goals and other wrongdoing complained of herein. In taking action, as particularized
13 herein, to aid and abet and substantially assist the commission of these wrongful acts and other
14 wrongdoings complained of, Defendant and each unnamed co-conspirator acted with an awareness of
15 his/her primary wrongdoing and realized that his/her conduct would substantially assist the
16 accomplishment of the wrongful conduct, wrongful goals, and wrongdoing. In addition, each of the
17 acts and/or omissions of Defendant and each unnamed co-conspirator alleged herein were made
18 known to, and ratified by, Defendant.

19 19. Defendant, and each unnamed co-conspirator, conspired with each other and with
20 others, to perpetrate the unlawful scheme on Plaintiff, as alleged in this Complaint. In so doing,
21 Defendant, and each unnamed co-conspirator, have performed acts and/or made statements in
22 furtherance of said conspiracy, while at all times acting within the scope of and in furtherance of the
23 conspiracy alleged in this Complaint, and with full knowledge of the goals of that conspiracy.

24 20. Plaintiff sues Defendant, and each unnamed co-conspirator, as participants, alter egos
25 of one another, agents of one another, and conspirators with one another in the improper acts, plans,
26 schemes, and transactions that are the subject of this Complaint.

1 **V. FACTUAL ALLEGATIONS**

2 **A. Mr. Olsen has been affected by FCA US, LLC’s Recall**

3 21. Mr. Olsen purchased a new 2018 Chrysler Pacifica PHEV on February 10, 2018 at
4 Pedder Chrysler Dodge Ram Jeep of Poway, a dealership located in Poway, California. Plaintiff
5 learned of the Chrysler Pacifica PHEV through television, print, and online Chrysler advertisements
6 depicting the Class Vehicle as safe and family friendly.

7 22. Mr. Olsen’s son, Steven Olsen, is 32-years-old and is disabled for life. Because
8 Steven is disabled, Mr. Olsen needs to park his minivan close to buildings so that they are accessible
9 for Steven. For example, Mr. Olsen takes Steven to medical appointments at hospitals, and must park
10 next to buildings for the benefit of Steven.

11 23. However, Defendant urges consumers who are affected by its Recall to refrain from
12 recharging them and to park them away from structures and other vehicles. For the sake of his son,
13 Mr. Olsen purchased his vehicle because it is spacious, family friendly, and purported to be safe.

24 24. Due to the Recall, Mr. Olsen does not feel safe parking his vehicle at his own house.

25 25. Mr. Olsen first learned of the recall when he received a Recall notice from FCA US,
26 LLC (attached hereto as **Exhibit C**). The Recall notice explains the reason for the safety recall:

WHY DOES MY VEHICLE NEED REPAIRS?

Some of the above Plug-in Hybrid Electric Vehicles (PHEV) may experience a fire potentially originating in the center of the vehicle underbody with the ignition in the “OFF” mode. A vehicle fire can result in increased risk of occupant injury and/or injury to persons outside the vehicle, as well as property damage.

The remedy for this condition is not currently available.

(Exh. C).

26. After learning about the recall, Mr. Olsen stopped using his vehicle out of fear of immediate catastrophic injury to himself and his son, Steven. Mr. Olsen has, therefore, been damaged, and seeks, on behalf of himself and the putative class, damages, rescission, restitution, and injunctive relief in the form of requiring FCA US, LLC to cease its false advertising and engage in in a corrective campaign to fully disclose material information about the Class Vehicles’ risk of fires.

B. The Class Vehicle Recall Affects Nearly 20,000 Minivans

27. Plug-in hybrids have the benefit over regular hybrids in that they can be charged up and driven on affordable electricity.⁴ The main difference between a hybrid plug-in versus a regular hybrid is that the former is powered chiefly by an electric motor and will use its internal combustion engine as a back-up should the electric motor’s battery run out of fuel, and the latter is powered by both a petrol-fueled internal combustion engine and a battery-powered electric motor that can work either independently or simultaneously.⁵ A regular hybrid cannot be plugged into a recharging station to power up the car’s battery.⁶

28. The Chrysler Pacifica is a plug-in hybrid, but owners of 2017 to 2018 Chrysler Pacifica PHEVs are now being advised not to plug in their minivans to charge, since the model is subject to Recall for risk of spontaneous fires. **(Exh. A)**.

⁴ Day, Lewin. “Chrysler Pacifica Hybrid Recalled for Fire Risk, so Don't Plug Yours In.” *The Drive*, The Drive, 15 Feb. 2022, <https://www.thedrive.com/news/44308/chrysler-pacifica-hybrid-recalled-for-fire-risk-so-dont-plug-yours-in#:~:text=Plug%2Din%20hybrids%20have%20the,cheap%20electricity%20if%20so%20desired>. (Last accessed: March 17, 2022).

⁶ *Ibid.* (Last accessed: March 17, 2022).

1 29. The ability to charge up and drive a Chrysler Pacifica PHEV is one of the primary
2 considerations for purchasers or lessees of electric vehicles. Buying a PHEV saves consumers
3 money,⁷ and significantly cuts emissions.⁸

4 30. Notably, a Consumer Report study shows that 71% of respondents said they would do
5 most of their charging **at home**.⁹

6 31. FCA US, LLC contends that the “root cause is unknown” and the “remedy is under
7 development,” in its Recall Report (**Exh. A**). Defendant describes the safety risk of a vehicle fire to
8 consumers as, “an increased risk of occupant injury and/or injury to persons outside the vehicle, as
9 well as property damage.” This is true, “even with the ignition in the ‘OFF’ mode.”

10 32. The potentially affected vehicle production period began on August 12, 2016, when
11 the production of the Chrysler Pacifica PHEVs began, and ended on August 7, 2018, when the 2018
12 production ended. (**Exh. A**, pg. 1).

13 33. A total of 19,808 minivans are included in the Recall, with 16,741 in the United
14 States, 2,317 in Canada and an additional 750 in places outside North America.¹⁰ Defendant
15 estimates that the estimated percentage of Class Vehicles with the unknown defect is 100%. (**Exh.**
16 **A**).

17 **C. Defendant’s Marketing to Class Vehicle Owners and Lessees Emphasized the**
18 **Importance of Safety of the Chrysler Pacifica PHEV**

19 34. Although Defendant reports that the “root cause [of the fires] is unknown,” it
20 represented to 2017 and 2018 Chrysler Pacifica PHEV consumers that the minivan was suited as a
21 family vehicle and that the minivan sported numerous safety and security features.

1 **1. 2017 Chrysler Pacifica PHEV**

2 35. Defendant represented to consumers of the 2017 Chrysler Pacifica PHEV that the
3 minivan was suited for “family utility” and consumers’ “family’s active lifestyle.”¹¹ Defendant
4 emphasized that the minivan was a “family room on wheels,” and reassured consumers that, “your
5 family’s safety and security are what matter most.”

17 standard and available safety & security features.” (**Exh. D**). Defendant represented in its materials
18 that, “paramount to helping protect you and your family is over 100 standard and available safety and
19 security features that automatically react in the blink of an eye.” (*Id.*)

38. Similarly, Defendant represented to consumers of the 2018 Chrysler Pacifica PHEV that the minivan was “here to serve your real life with care as the most family friendly minivan in its class.” (**Exh. B**). Defendant emphasized the 2018 minivan’s numerous safety and security features. (*Id.*)

1 40. Further, the 2018 Chrysler Pacifica marketing campaign targeted California
2 specifically. “Forty percent of all hybrids are sold in the State of California—it’s also the biggest
3 minivan market in the country—so it makes perfect sense that we say the Chrysler Pacifica Hybrid is
4 the ‘**Official Family Vehicle for California**,’” claimed Tim Kuniskis of FCA US, LLC’s North

3 42. Despite Defendant’s representations about the family utility, safety, and efficiency of
4 the Class Vehicles, Defendant has advised owners of the Class Vehicles “to refrain from recharging
5 the high voltage battery, and to park them away from structures and other vehicles.” (**Exh. C**).

6 43. Defendant chronologized its internal investigation in its Recall Report as follows:

7 **Chronology:**

8 • On **August 31, 2021**, the FCA US LLC ("FCA US") Technical Safety and
9 Regulatory Compliance organization opened an investigation as a result of
10 detecting a potential **trend in fires** in certain Chrysler Pacifica PHEVs.

11 • **From September 2021, to January 2022**, FCA US repurchased two vehicles
12 for origin and cause investigation. The cause of these fires is under
13 investigation.

14 • As of **February 4, 2022**, FCA US is aware of **ten additional fires**. The cause
15 of these fires is under investigation.

16 • As of **February 4, 2022**, FCA US has identified five customer records, zero
17 warranty claims, and **12 field reports**¹⁴ potentially relating to this issue for all
18 markets with dates of receipt ranging from April 23, 2019, to December 14,
19 2021.

20 • As of **February 4, 2022**, FCA US is not aware of any accidents or injuries
21 potentially relating to this issue for all markets.

22 • On **February 6, 2022**, FCA US determined, through the Vehicle Regulations
23 Committee, to conduct a voluntary safety recall of the affected vehicles.

24 (**Exh. A**) (emphasis added).

25 44. Despite Defendant’s apparent purchase of two affected vehicles for investigative
26 purposes, the fires result from an unknown root cause with no remedy to date. (**Exh. A**). Defendant

27 _____

4 June 11, 2020¹⁷, and a final remedy was circulated in December 2020¹⁸—six months later. In the
5 interim, consumers were advised to not park their vehicles inside of buildings or structures and avoid
6 parking near other vehicles because the vehicles were at a heightened risk of fire.¹⁹ The final remedy
7 was to install a gasket under the 12-volt isolator. Mr. Olsen went through the steps of repairing his
8 vehicle according to the final remedy. However, a portion of the vehicles affected by the 2020 Recall
9 fall into the definition Class Vehicles as defined above, and are still at a heightened risk of fire with

6 FCA US has a longstanding policy and practice of reimbursing owners who have
7 incurred the cost of repairing a problem that subsequently becomes the subject of a
8 field action. To ensure consistency, FCA US, as part of the owner letter, will request
9 that customers send the original receipt and/or other adequate proof of payment to
10 the company for confirmation of the expense.

11 (Exh. A, pg. 3).

12 52. This so-called “fix” leaves consumers with a vehicle that is nearly useless and at risk
13 of immediate fire—resulting in harm to Class Vehicle owners and lessees.

14 53. FCA US, LLC has been aware of the unexpected fires since at least 2020, the date of
15 its first fire-related recall of 27,634 Chrysler Pacifica PHEVs.²⁰ Even after the 2020 recall, fires are
16 continuing to occur.

17 54. FCA US, LLC will notify dealers and begin notifying owners on or about April 4,
18 2022. (Exh. A, pg. 3). There is no justifiable reason for this delay, particularly because Defendant
19 has done little more than warn its consumers to refrain from charging them and parking them away
20 from other structures and buildings.

21 55. Defendant’s knowledge of the unexpected fires, and its subsequent inaction, has
22 resulted in harm to Plaintiff and Class Members.

23 **VI. CLASS ACTION ALLEGATIONS**

24 56. Plaintiff brings this class action pursuant to FRCP 23(b)(3), on behalf of himself and
25 all others similarly situated, as a member of the proposed class (hereafter “The Class”), as defined as
26 follows:

All owners of Class Vehicles who purchased or leased their vehicles in the United States.

Excluded from the above class is Defendant, its officers, directors and employees, and any entity in which Defendant has a controlling interest, the agents, affiliates, legal representatives, heirs, attorneys at law, attorneys in fact or assignees thereof, and the Court.

57. Alternatively, Plaintiff proposes a California class, as defined as follows:

All owners of Class Vehicles who purchased or leased their vehicles in California.

58. This action is brought as a class action and may properly be so maintained pursuant to the provisions of Federal Rules of Civil Procedure 23, to amend or modify the Class description with greater specificity or further division into subclasses or limitation to particular issues, based on the results of discovery.

A. Numerosity of the Class

59. The members of the Class are so numerous that their individual joinder is impracticable. Plaintiff is informed and believe that there are at least, 16,741 purchasers in the Class—reflecting the number of Class Vehicles Defendant recalled. Inasmuch as the class members may be identified through business records regularly maintained by Defendant and its employees and agents, and through the media, the number and identities of class members can be ascertained. Members of the Class can be notified of the pending action by e-mail, mail, and supplemental published notice, if necessary.

B. Existence and Predominance of Common Questions of Fact and Law

60. There are questions of law and fact common to the Class. These questions predominate over any questions affecting only individual Class Members. These common legal and factual issues include, but are not limited to:

- a. Whether Defendant engaged in the conduct alleged herein;
- b. Whether Defendant had knowledge of the heightened fire risk in the Class Vehicles when they placed Class Vehicles into the stream of commerce in the United States;

- 1 c. Whether Defendant should have had knowledge of the heightened fire risk in the
- 2 Class Vehicles when they placed Class Vehicles into the stream of commerce in
- 3 the United States;
- 4 d. When Defendant became aware of the defect causing fires in Class Vehicles;
- 5 e. Whether Defendant knowingly failed to disclose the existence and cause of the
- 6 defect in the Class Vehicles;
- 7 f. Whether Defendant knowingly concealed the defect in the Class Vehicles;
- 8 g. Whether Defendant's conduct as alleged herein violates consumer protection laws;
- 9 h. Whether Defendant's conduct as alleged herein violates warranty laws;
- 10 i. Whether Defendant's conduct as alleged herein violates the other laws as set forth
- 11 in the causes of action;
- 12 j. Whether Plaintiff and Class Members have suffered an ascertainable loss as a
- 13 result of the defect;
- 14 k. And whether Plaintiff and Class Members are entitled to damages and equitable
- 15 relief.

16 **C. Typicality**

17 61. Plaintiff's claims are typical of the other Class Members' claims because all Class
18 Members were comparably injured through Defendant's substantially uniform misconduct as
19 described above. The Plaintiff representing the Class is advancing the same claims and legal theories
20 on behalf of himself and all other members of the Class that he represents, and there are no defenses
21 that are unique to Plaintiff. The claims of the Plaintiff and the Class Members arise from the same
22 operative facts and are based on the same legal theories.

23 **D. Adequacy of Representation**

24 62. Plaintiff is an adequate Class representative because his interests do not conflict with
25 the interests of the other members of the Class he seeks to represent; Plaintiff has retained counsel
26 competent and experienced in complex class action litigation; and Plaintiff intends to prosecute this
27 action vigorously. The Class's interest will be fairly and adequately protected by Plaintiff and his
28 counsel.

1 **E. Predominance and Superiority**

2 63. This suit may be maintained as a class action under Federal Rule of Civil Procedure
3 23(b)(3), because questions of law and fact common to the Class predominate over the questions
4 affecting only individual members of the Class and a class action is superior to other available means
5 for the fair and efficient adjudication of this dispute. The damages suffered by individual class
6 members are small compared to the burden and expense of individual prosecution of the complex and
7 extensive litigation needed to address Defendant’s conduct. Further, it would be virtually impossible
8 for the members of the Class to individually redress effectively the wrongs done to them. In addition,
9 individualized litigation increases the delay and expense to all parties and to the court system
10 resulting from complex legal and factual issues of the case. Individualized litigation also presents a
11 potential for inconsistent or contradictory judgments. By contrast, the class action device presents a
12 potential for management difficulties; allows the hearing of claims which might otherwise go
13 unaddressed because of the relative expense of bringing individual lawsuits; and provides the benefits
14 of single adjudication, economies of scale, and comprehensive supervision by a single court.

15 64. The Class Plaintiff contemplates the eventual issuance of notice to the proposed Class
16 Members setting forth the subject and nature of the instant action. Upon information and belief,
17 Defendant’s own business records and electronic media can be utilized for the contemplated notices.
18 To the extent that any further notices may be required, the Class Plaintiff would contemplate the use
19 of additional media and/or mailings.

20 65. This action is properly maintained as a Class Action pursuant to Rule 23(b) of the
21 Federal Rules of Civil Procedure, in that:

- 22 a. Without class certification and determination of declaratory, injunctive, statutory and
23 other legal questions within the class format, prosecution of separate actions by
24 individual members of the Class will create the risk of:
 - 25 i. inconsistent or varying adjudications with respect to individual members of
26 the Class which would establish incompatible standards of conduct for the
27 parties opposing the Class; or

28

1 ii. adjudication with respect to individual members of the Class which would
2 as a practical matter be dispositive of the interests of the other members not
3 parties to the adjudication or substantially impair or impede their ability to
4 protect their interests;

5 b. The parties opposing the Class have acted or refused to act on grounds generally
6 applicable to each member of the Class, thereby making appropriate final injunctive or
7 corresponding declaratory relief with respect to the Class as a whole; or

8 c. Common questions of law and fact exist as to the members of the Class and
9 predominate over any questions affecting only individual members, and a Class
10 Action is superior to other available methods of the fair and efficient adjudication of
11 the controversy, including consideration of:

12 i. The interests of the members of the Class in individually controlling the
13 prosecution or defense of separate actions;

14 ii. The extent and nature of any litigation concerning controversy already
15 commenced by or against members of the Class;

16 iii. The desirability or undesirability of concentrating the litigation of the
17 claims in the particular forum;

18 iv. The difficulties likely to be encountered in the management of a Class
19 Action.

20 **VII. TOLLING OF THE STATUTES OF LIMITATIONS**

21 66. To the extent that there are any statutes of limitations applicable to Plaintiff’s and
22 Class Members’ claims, the running of the limitations periods have been tolled by, inter alia, the
23 following doctrines or rules: equitable tolling, the discovery rule, the fraudulent concealment rules,
24 equitable estoppel, the repair rule, and/or class action tolling.

1 **VIII. CLAIMS**

2 **FIRST CLAIM FOR RELIEF:**
3 **(Violation of California Business & Professions Code Sections 17200, et seq. –**
4 **Unfair Business Practices Act)**

5 67. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
6 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

7 68. California’s Unfair Competition Law (Cal. Bus. & Prof. Code § 17200, *et seq.*) is
8 designed to protect consumers from unlawful, unfair or fraudulent business acts or practices,
9 including the use of any deception, fraud, misrepresentation, or the concealment, suppression or
10 omission of any material fact.

11 69. At times, places, and involving participants known exclusively to Defendant and third
12 parties and concealed from Plaintiff, Defendant has engaged in unlawful, unfair, and fraudulent
13 business practices in violation of the UCL as set forth above. Defendant’s business practices, set
14 forth in this Complaint, are deceptive and violate Section 17200 because their practices are likely to
15 deceive consumers in California.

16 70. Defendant overstated the utility and safety of Class Vehicles by marketing the Class
17 Vehicles as having over 100 safety and security features to keep consumers safe, and as the most
18 family friendly minivan in its class, knowing that such representations were false.

19 71. Defendant knew or should have known that false and misleading statements about
20 Class Vehicles were being made and likely to mislead the public. Defendant made or disseminated
21 false and misleading statements or caused false and misleading statements to be made or
22 disseminated.

23 72. The misrepresentations and omissions alleged herein are **fraudulent**, and thus amount
24 to unfair competition as set forth by the Unfair Competition Law, in that Defendant pioneered a
25 deceptive marketing campaign to overstate the safety and security features of the Class Vehicles.

26 73. Defendant’s conduct and the harm it caused, and continues to cause, is not reasonably
27 avoidable by Plaintiff and Class Members. Due to its deceptive acts and omissions, Defendant knew
28 or had reason to know that Plaintiff and Class Members would not have reasonably known or
discovered the risk of spontaneous combustion and inability to freely park their cars.

1 74. The misrepresentations and omissions alleged herein are **unlawful**, and thus amount to
2 unfair competition as set forth by the Unfair Competition Law, in that they violate, among other
3 things, California Business and Professions Code § 17500, and several other common law violations,
4 including, deceit, fraud and misrepresentation, and unjust enrichment. These unlawful practices
5 include, but are not limited to:

- 6 a. Defendant misrepresented the source, sponsorship, approval, or certification of goods
7 or services in violation of the Consumer Legal Remedies Act, Civ. Code Section
8 1770(a)(2);
- 9 b. Defendant represented that goods or services have sponsorship, approval,
10 characteristics, ingredients, uses, benefits, or quantities that they do not have in
11 violation of the Consumer Legal Remedies Act, Civ. Code Section 1770(a)(5);
- 12 c. Defendant represented that goods or services are of a particular standard, quality, or
13 grade, or that goods are of a particular style or model, if they are of another in
14 violation of the Consumer Legal Remedies Act, Civ. Code Section 1770(a)(7);
- 15 a. Defendant made or disseminated, directly or indirectly, untrue, false, or misleading
16 statements about the utility and safety of Class Vehicles, or causing untrue, false, or
17 misleading statements about the utility and safety of Class Vehicles to be made or
18 disseminated to the general public in violation of the UCL.

19 75. As set forth above, Defendant misrepresented the utility and safety of Class Vehicles.
20 Defendant disseminated these untrue and misleading misrepresentations with the intent to boost the
21 sales and profits of Defendant.

22 76. The misrepresentations and omissions alleged herein are **unfair**, and thus amount to
23 unfair competition as set forth by the Unfair Competition Law, in that they are immoral, oppressive,
24 unscrupulous and substantially injurious to consumers. The injury to Plaintiff and Class Members
25 caused by Defendant's actions, greatly outweighs any countervailing benefits to consumers or
26 competition under all of the circumstances.

1 77. As a direct and proximate result of the foregoing acts and practices, Defendant has
2 received, or will receive, income, profits, and other benefits, which it would not have received if it
3 had not engaged in the violations of the UCL described in this complaint.

4 78. As a direct and proximate result of the foregoing acts and practices, Defendant has
5 obtained an unfair advantage over similar businesses that have not engaged in such practices.

6 79. As a direct and proximate cause of Defendant’s violations of the Unfair Competition
7 Law, Plaintiff suffered an injury and monetary harm because his Class Vehicle is at heightened risk
8 of fire, and he cannot freely park his vehicle.

9 80. Plaintiff and the Class Members, and each of them, have been damaged by said
10 practices. Pursuant to California Business and Professions Code §§ 17200 and 17203, Plaintiff, on
11 behalf of himself and all others similarly situated, seeks relief as prayed for below.

12 81. As a result of Defendant’s violations of the Business & Professions Code section
13 17200, *et seq.*, Plaintiff and the Class are entitled to equitable relief in the form of full restitution.

14 82. Plaintiff and the Class also seek and order enjoining Defendant from continuing its
15 unlawful business practices and from such future conduct.

16 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

17 **SECOND CLAIM FOR RELIEF:**
18 **(Violation of California Business & Professions Code Sections 17500, *et seq.* –**
19 **False Advertising Law)**

20 83. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
21 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

22 84. Business and Professions Code Section 17500, *et seq.*, also known as California False
23 Advertising Law (FAL), makes it unlawful for a business to make, disseminate, or cause to be made
24 or disseminated to the public “any statement, concerning . . . real or personal property . . . which is
25 untrue or misleading, and which is known, or which by the exercise of reasonable care should be

26 known, to be untrue or misleading.”
27 85. As alleged above, at times, places, and involving participants known exclusively to
28 Defendant, Defendant violated the FAL by making and disseminating false or misleading statements

1 about the utility and safety of Class Vehicles, or by causing false or misleading statements about the
2 utility and safety of Class Vehicles to be made or disseminated to the public.

3 86. Defendant's marketing scheme, set forth in this Complaint, are false and deceptive and
4 violate Section 17500 because Defendant, in furtherance of the scheme, made misrepresentations and
5 omissions regarding the safety and utility of Class Vehicles to deceive consumers.

6 87. Defendant overstated the utility and safety of Class Vehicles by marketing the Class
7 Vehicles as having over 100 safety and security features to keep consumers safe, and as the most
8 family friendly minivan in its class, knowing that such representations were false.

9 88. Defendant disseminated materially misleading advertisements and deceptive
10 information in print, online, and television formats, and omitted material information, as discussed
11 throughout the complaint, for purposes of inducing customers to purchase the Class Vehicles, in
12 violation of California Business and Professions Code § 17500, *et seq.*

13 89. At the time it made or disseminated its false and misleading statements or caused these
14 statements to be made or disseminated, Defendant knew or should have known that the statements
15 were false and misleading and therefore likely to deceive the public. In addition, Defendant knew
16 and should have known that their false and misleading advertising created a false or misleading
17 impression of the risks and benefits purchasing a Class Vehicle.

18 90. As a result of Defendant's violations, Plaintiff and Class Members are entitled to
19 equitable relief in the form of full restitution of all monies paid for the sales price of the Class
20 Vehicles, diminished value of the Class Vehicles, and/or disgorgement of the profits derived from
21 Defendant's false and misleading advertising.

22 91. Plaintiff also seeks an order enjoining Defendant from such future conduct.

23 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

24 **THIRD CLAIM FOR RELIEF:**
25 **(Violation of California Civil Code Sections 1750, *et seq.* –**
26 **Consumer Legal Remedies Act)**

27 92. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
28 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

1 93. The following definitions come within the meaning of Consumer Legal Remedies Act
2 (Cal. Civ. Code § 1750, et seq.):

3 94. The members of the Class, all of whom purchased the Class Vehicles manufactured
4 and sold by FCA US, LLC are “consumers” (Cal. Civ. Code § 1761(d));

5 95. Defendant FCA US, LLC is a “person” (Cal. Civ. Code § 1761(c));

6 96. Plaintiff and each and every Class members’ purchase of the Class Vehicle constitute
7 a “transaction” (Cal. Civ. Code § 1761(e)); and

8 97. The Class Vehicles are “goods” (Cal. Civ. Code § 1761(a)).

9 98. Plaintiff and Class Members acquired, by purchase or lease Class Vehicles for
10 personal, family, or household purposes.

11 99. Defendant overstated the utility and safety of Class Vehicles by marketing the Class
12 Vehicles as having over 100 safety and security features to keep consumers safe, and as the most
13 family friendly minivan in its class, knowing that such representations were false.

14 100. A reasonable consumer would consider these representations material and important in
15 deciding whether to buy or lease Class Vehicles.

16 101. The acts and practices of Defendant as discussed throughout the Complaint, constitute
17 “unfair or deceptive acts or practices” by Defendant, that are unlawful, as enumerated in section
18 1770(a) of the California Civil Code. These unlawful practices include, but are not limited to:

19 a. Defendant misrepresented the source, sponsorship, approval, or certification of goods
20 or services in violation of the Consumer Legal Remedies Act, Civ. Code Section
21 1770(a)(2);

22 b. Defendant represented that goods or services have sponsorship, approval,
23 characteristics, ingredients, uses, benefits, or quantities that they do not have in
24 violation of the Consumer Legal Remedies Act, Civ. Code Section 1770(a)(5);

25 c. Defendant represented that goods or services are of a particular standard, quality, or
26 grade, or that goods are of a particular style or model, if they are of another in
27 violation of the Consumer Legal Remedies Act, Civ. Code Section 1770(a)(7);

28

1 102. Such misconduct materially affected the purchasing decisions of Plaintiff and the
2 Class Members. Defendant’s representations were a substantial factor in Plaintiff’s decision to
3 purchase a Class Vehicle.

4 103. Plaintiff and Class Members were harmed because they were required to stop using
5 Class Vehicles and fear immediate catastrophic injury to themselves and passengers of the Class
6 Vehicles, and people and property surrounding the Class Vehicle.

7 104. Plaintiff seeks restitution and injunctive relief pursuant to California Civil Code §
8 1780. Unless Defendant is enjoined from engaging in such wrongful actions and conduct in the
9 future, members of the consuming public will be further damaged by Defendant’s conduct.

10 105. Plaintiff and the Class Members are entitled to equitable relief on behalf of the
11 members of the Class, pursuant to Civil Code section 1780, subdivision (a)(2)(5), prohibiting
12 Defendant from continuing to engage in the above-described violations of the CLRA. Plaintiff and
13 the Class Members further seek reasonable attorneys’ fees under Civil Code section 1780(e).
14 Plaintiff and the Class Members seek restitution under Civil Code section 1780(a).

15 106. Pursuant to Cal. Civ. Code section 1782(a), on March 17, 2022, Plaintiff sent a letter
16 to FCA US, LLC notifying them of their CLRA violations and affording them the opportunity to
17 correct their business practices and rectify the harm it caused. Plaintiff sent the CLRA notice via
18 certified mail, return receipt requested, to FCA US, LLC’s principal place of business. This notice is
19 attached to this Complaint as **Exhibit E**. Should FCA US, LLC fail to correct its business practices
20 or provide the relief requested within 30 days Plaintiff will amend this Complaint to seek monetary
21 damages under CLRA.

22 107. In accordance with Cal. Civ. Code section 1780(d), Plaintiff’s CLRA venue
23 declaration is attached to this Complaint as **Exhibit F**.

24 108. The conduct of Defendant set forth herein was reprehensible and subjected Plaintiff to
25 cruel and unjust hardship in conscious disregard of his rights, constituting oppression. Defendant’s
26 behavior evidences a conscious disregard for the safety of Plaintiff and Class Members. Defendant’s
27 conduct was and is despicable conduct and constitutes malice under Section 3294 of the California
28 Civil Code. An officer, director, or managing agent of Defendant personally committed, authorized,

1 and/or ratified the reprehensible conduct set forth herein. Plaintiff will amend this cause of action to
2 seek an award of punitive damages sufficient to penalize Defendant should his CLRA letter not be
3 complied with fully.

4 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

5 **FOURTH FIRST CLAIM FOR RELIEF:**
6 **(Fraud and Deceit)**

7 109. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
8 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

9 110. Based on Defendant's conduct as discussed above, Defendant has engaged in fraud
10 and deceit as set forth in California Civil Code §§ 1710, and 3294.

11 111. Defendant overstated the utility and safety of Class Vehicles by marketing the Class
12 Vehicles as having over 100 safety and security features to keep consumers safe, and as the most
13 family friendly minivan in its class, knowing that such representations were false.

14 112. The misrepresentations, nondisclosure, and/or concealment of material facts made by
15 Defendant to Plaintiff and the members of the Class, as set forth above, were known, through
16 reasonable care should have been known, or were made recklessly without disregard for its truth, by
17 Defendant to be false and material and were intended by Defendant to mislead Plaintiff and the Class
18 Members.

19 113. Plaintiff and the Class Members reasonably relied on Defendant's misrepresentations,
20 but were actually misled and deceived, and were induced by Defendant to purchase the Class
21 Vehicles which they could not otherwise have purchased.

22 114. As a result of the conduct of Defendant, Plaintiff and the Class members have been
23 harmed. Plaintiff and Class Member's reliance was a substantial factor in causing them harm
24 because they were required to stop using Class Vehicles and fear immediate catastrophic injury to
25 themselves and passengers of the Class Vehicles, and people and property surrounding the Class
26 Vehicle.

27 115. Plaintiff and the Class Members have reasonably relied on the material
28 misrepresentations and omissions made by Defendant and have been damaged thereby.

1 116. As a direct and proximate result of Defendant’s fraud, Plaintiff has sustained damages
2 in the amount to be determined at trial.

3 117. In addition to such damages, Plaintiff seeks punitive or exemplary damages pursuant
4 to California Civil Code § 3294 in that Defendant engaged in “an intentional misrepresentation,
5 deceit, or concealment of a material fact known to the defendant with the intention on the part of the
6 defendant of thereby depriving a person of property or legal rights or otherwise causing injury.”

7 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

8 **FIFTH CLAIM FOR RELIEF:**
9 **(Negligent Misrepresentation)**

10 118. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
11 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

12 119. Defendant overstated the utility and safety of Class Vehicles by marketing the Class
13 Vehicles as having over 100 safety and security features to keep consumers safe, and as the most
14 family friendly minivan in its class.

15 120. Defendant’s representations were not true because the Class Vehicles are unsafe,
16 unsuitable for any family. Plaintiff and the Class Members cannot safely park their Class Vehicles at
17 home or near buildings, nor can they plug them in due to a heightened risk of fire.

18 121. Defendant had no reasonable grounds for believing the representations were true when
19 it made it.

20 122. The misrepresentations, nondisclosure, and/or concealment of material facts made by
21 Defendant to Plaintiff and the members of the Class, as set forth above, were intended by Defendant
22 to mislead Plaintiff and the Class Members.

23 123. Plaintiff and the Class Members reasonably relied on Defendant’s misrepresentations,
24 but were actually misled and deceived, and were induced by Defendant to purchase the Class
25 Vehicles which they could not otherwise have purchased.

26 124. Plaintiff and Class Member’s reliance was a substantial factor in causing them harm
27 because they were required to stop using Class Vehicles and fear immediate catastrophic injury to
28

1 themselves and passengers of the Class Vehicles, and people and property surrounding the Class
2 Vehicle.

3 125. Plaintiff and the Class members justifiably relied on Defendant’s misrepresentations
4 and have been damaged thereby.

5 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

6 **SIXTH CLAIM FOR RELIEF:**
7 **(Unjust Enrichment)**

8 126. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
9 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

10 127. Plaintiff and Class Members paid Defendant the value of non-defective, fully
11 operational Class Vehicles with no risk of fires and no defects. In exchange, Defendant provided
12 Plaintiff and Class Members with defective vehicles that are not fully operational and cannot be
13 operated due to a heightened risk of fire.

14 128. Further, Defendant provided Plaintiff and Class Members with Class Vehicles that are
15 in need of further repair or recall, contrary to its advertisements assuring that consumers’ safety and
16 security is what matters most. Plaintiff provided Defendant with the value of vehicles with no
17 defects.

18 129. Defendant knew or had reason to know that the defective vehicles are not fully
19 operational and cannot be operated due to a heightened risk of fire.

20 130. As such, Plaintiff and Class Members conferred value upon Defendant which would
21 be unjust for Defendant to retain.

22 131. As a direct and proximate result of Defendant’s unjust enrichment, Plaintiff and Class
23 Members have suffered and continue to suffer various injuries. As such, they are entitled to damages
24 in the amount of Plaintiff’s monetary loss, and restitution of all amounts by which Defendant was
25 enriched through its misconduct.

26 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

SEVENTH CLAIM FOR RELIEF:
(Negligence)

132. Plaintiff re-alleges and incorporates by reference each of the allegations contained in the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

133. Defendant had a duty to its consumers to exercise a degree of care that a reasonable person in the like position would exercise. Defendant failed to do so. Among other things Defendant had a duty to follow industry custom and standards imposed by federal regulations, to assess the foreseeability and likelihood of an injury, and to assess the seriousness and frequency of the injuries threatened by the Class Vehicles.

134. Defendant breached its duty to Plaintiff and the Class Members. Among other things, and without limiting the generality of the foregoing, Defendant failed to (1) inspect its Class Vehicles adequately, (2) to design Class Vehicles properly, and (3) failed to test its Class Vehicles adequately.

135. Defendant’s negligence was a substantial factor in causing Plaintiff and Class Members to suffer economic, and potentially fatal harm as well as other damages to be proven at the time of the trial.

136. Plaintiff and Class Member’s were harmed because they were in fear and at risk of immediate catastrophic injury to themselves and passengers of the Class Vehicles, and people and property surrounding the Class Vehicle.

137. As a direct and legal result of the wrongful acts and omissions of Defendant, Plaintiff and Class Members were harmed.

WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

EIGHTH CLAIM FOR RELIEF:
(Violation of 15 U.S.C. Section 2301, et seq. –
the Magnuson-Moss Warranty Act)

138. Plaintiff re-alleges and incorporates by reference each of the allegations contained in the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

139. Plaintiff and Class Members are “consumers” within the meaning of the Magnuson-Moss Warranty Act, 15 U.S.C. § 2301(3).

1 140. Defendant is a “supplier” and a “warranter” within the meaning of the Magnuson-
2 Moss Warranty Act, 15 U.S.C. § 2301(4)-(5).

3 141. The Class Vehicles are a “consumer product” within the meaning of the Magnuson-
4 Moss Warranty Act, 15 U.S.C. § 2301(1).

5 142. The Magnuson-Moss Warranty Act, 15 U.S.C. § 2301(d)(1) provides for a cause of
6 action for any consumer who is damaged by the failures of a warrantor to comply with a written
7 warranty.

8 143. Pursuant to 15 U.S.C. § 2310(e), Plaintiff and the Class are not required to provide
9 Defendant notice of this class action and an opportunity to cure until the time the Court determines
10 the representative capacity of Plaintiff pursuant to FRCP 23.

11 144. Defendant’s representations as described herein that Class Vehicles sold to Plaintiff
12 and Class Members have the safety and security of the minivan are written warranties within the
13 meaning of the Magnuson-Moss Warranty Act, 15 U.S.C. § 2301(6).

14 145. Through written and implied warranties, Defendant warranted that the Class Vehicles
15 are free from defects, of merchantable quality, and fit for their ordinary and represented use.

16 146. Defendant breached the warranties as described herein. Contrary to Defendant’s
17 representations, Plaintiff and other Class Members are faced with the choice of risking potential car
18 fires, or refraining from recharging their vehicles and parking them away from structures and other
19 vehicles. As such, the Class Vehicles do not perform as promised and are unfit and unreasonably
20 dangerous for ordinary use.

21 147. Defendant knew or should have known, of the defect and potential fire risk in the
22 Class Vehicles.

23 148. Defendant knew or should have known, that it’s representations regarding the
24 capabilities of the Class Vehicles were false, yet proceeded with a multi-year advertising campaign
25 through which Defendant promised consumers that the Class Vehicles were family friendly, secure,
26 and safe.

27 149. Plaintiff and Class Members were damaged as a result of Defendant’s breach of
28 warranty because they received a product incapable of performing as Defendant represented without

1 extreme risks to Plaintiff's and Class Members' safety, rendering the Class Vehicles less valuable
2 than represented.

3 150. Plaintiff and the Class are entitled to damages caused by Defendant's breaches of the
4 warranties, including economic damages based upon either a return of Plaintiff Class Members
5 purchase price; and/or the difference between the price paid for the Class Vehicle as warranted and
6 the actual value of the Class Vehicle as delivered, and consequential damages.

7 151. In addition, Plaintiff and the Class are entitled to reasonable attorneys' fees and costs
8 as determined by the Court.

9 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

10 **NINTH CLAIM FOR RELIEF:**
11 **(Breach of Express Written Warranty–**
12 **California Civil Code Sections 1791.2 (a) & 1794)**

13 152. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
14 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

15 153. Defendant warranted to Plaintiff and Class Members through written statements and
16 multi-media advertisements that the Class Vehicles would work safely and securely, and could be
17 charged safely.

18 154. The Class Vehicles that Plaintiff and Class Members purchased from Defendant did
19 not perform safely and securely, nor can be charged safely.

20 155. Defendant breached this warranty by knowingly selling vehicles equipped with
21 defective product causing spontaneous combustion and fires.

22 156. Defendant failed to repair the Class Vehicles as required by the warranty.

23 157. The failure of the Class Vehicles to be as represented was a substantial factor in
24 causing Plaintiff and Class Member's harm because they were required to stop using Class Vehicles
25 and fear immediate catastrophic injury to themselves and passengers of the Class Vehicles, and
26 people and property surrounding the Class Vehicle.

27 158. Plaintiff and the California Class have been damaged as a direct and proximate result
28 of Defendant's breaches in that the Class Vehicles purchased by Plaintiff and the Class Members
were and are worth far less than what Plaintiff and the Class Members paid to purchase or lease them.

1 159. The Class Vehicles were defective as herein alleged at the time they left Defendant’s
2 factories, and the vehicles reached Plaintiff and Class Members without substantial change in the
3 condition in which they were sold.

4 160. As a direct and proximate result of these breaches, Plaintiff and the Class Members
5 have suffered various injuries, including a diminution of value in the Class Vehicles.

6 161. Plaintiff and Class Members have been harmed by Defendant's failure to comply with
7 its obligations under the implied warranty. Plaintiff and the Class Members have suffered an injury
8 in fact and have suffered an economic loss by, *inter alia*, (1) purchasing a product they never would
9 have leased or purchased; (2) leasing or purchasing an inferior product whose nature and
10 characteristics render it of a lesser value than represented; (3) incurring costs for diminished resale
11 value of the Class Vehicles purchased or leased; (4) leasing and/or purchasing a product that poses a
12 danger to the health and safety of the public; (5) including increased costs to repair the Class Vehicles
13 purchased, and (f) incurring costs for loss of use. Accordingly, the Court must issue an injunction
14 restraining and enjoining Defendant from sending or transmitting false and misleading advertising to
15 individuals or entities concerning the purported safety and quality of the Class Vehicles from
16 Defendant.

17 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

18 **TENTH CLAIM FOR RELIEF:**
19 **(Breach of Implied Warranty of Merchantability –**
20 **California Civil Code Sections 1791.1; 1794; & 1795.5)**

21 162. Plaintiff re-alleges and incorporates by reference each of the allegations contained in
22 the preceding paragraphs of this Complaint as though fully alleged in this Cause of Action.

23 163. Pursuant to Civil Code section 1792, the sale or lease of the Class Vehicles were
24 accompanied by Defendant's implied warranty of merchantability. Pursuant to Civil Code section
25 1791.1, the duration of the implied warranty is coextensive in duration with the duration of the
26 express written warranty provided by Defendant, except that the duration is not to exceed one-year.

27 164. Pursuant to Civil Code section 1791.1 (a), the implied warranty of merchantability
28 means and includes that the Class Vehicles will comply with each of the following requirements: (1)
The Vehicle will pass without objection in the trade under the contract description; (2) The Vehicle is

1 fit for the ordinary purposes for which such goods are used; (3) The Vehicle is adequately contained,
2 packaged, and labelled; (4) The Vehicle will conform to the promises or affirmations of fact made on
3 the container or label.

4 165. Plaintiff and Class Members bought or leased their Class Vehicles from Defendant.

5 166. At the time of purchase or lease, Defendant was in the business of selling or leasing
6 Class Vehicles and held itself out as having special knowledge or skill regarding Class Vehicles.

7 167. At the time of purchase, or within one-year thereafter, the Class Vehicles contained or
8 developed the defect and risk of spontaneous combustion of Class Vehicles set forth above. The
9 existence of each of these issues constitutes a breach of the implied warranty because the Class
10 Vehicles (1) do not pass without objection in the trade under the contract description, (2) are not fit
11 for the ordinary purposes for which such goods are used, (3) are not adequately contained, packaged,
12 and labelled, and (4) do not conform to the promises or affirmations of fact made on the container or
13 label.

14 168. The failure of Class Vehicles to have the expected quality was a substantial factor in
15 causing Plaintiff and Class Member's harm and they therefore bring this Cause of Action pursuant to
16 Civil Code section 1794.

17 169. Plaintiff and Class Members have been harmed by Defendant's failure to comply with
18 its obligations under the implied warranty. Plaintiff and the Class Members have suffered an injury
19 in fact and have suffered an economic loss by, *inter alia*, (1) purchasing a product they never would
20 have leased or purchased; (2) leasing or purchasing an inferior product whose nature and
21 characteristics render it of a lesser value than represented; (3) incurring costs for diminished resale
22 value of the Class Vehicles purchased or leased; (4) leasing and/or purchasing a product that poses a
23 danger to the health and safety of the public; (5) including increased costs to repair the Class Vehicles
24 purchased, and (f) incurring costs for loss of use. Accordingly, the Court must issue an injunction
25 restraining and enjoining Defendant from sending or transmitting false and misleading advertising to
26 individuals or entities concerning the purported safety and quality of the Class Vehicles from
27 Defendant.

28 WHEREFORE, Plaintiff and the Class pray for relief as set forth below.

1 **IX. PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff Scott A. Olsen, on behalf of himself and the members of the Class,
3 demands judgment against and general and special relief from Defendant as follows:

- 4 1. An order certifying that the action may be maintained as a Class Action as defined
- 5 herein and appointing Plaintiff and his counsel of record to represent the Class as
- 6 defined above;
- 7 2. Determination that FCA US, LLC is financially responsible for all Class notice and
- 8 administration of Class relief;
- 9 3. An order enjoining Defendant from future violations of the CLRA, Business &
- 10 Professions Code section 17200, *et seq.*, Business & Professions Code section 17500,
- 11 *et seq.*, as alleged herein;
- 12 4. An order awarding Plaintiff and the Class Members actual, general and special,
- 13 incidental, compensatory, consequential damages, and restitution and/or
- 14 disgorgement;
- 15 5. An order awarding Plaintiff and the Class Members punitive damages;
- 16 6. For prejudgment and post- judgment interest upon such judgment at the maximum rate
- 17 provided by law;
- 18 7. Reasonable attorneys’ fees and costs; and
- 19 8. Such other and further relief that this Court may deem proper.

America's first-ever Hybrid minivanTM

The mother of invention meets mother nature.

Pacifica Hybrid 20

A mission for reducing emissions.

Living an environmentally conscious lifestyle becomes second nature when you drive the Pacifica Hybrid. With a 33-mile electric driving range,¹⁹ the Hybrid is less dependent on gas, helping you to produce less emissions for a greener planet. It's about increasing your resources through the power of choice, and the gas pump isn't the only place you'll see savings. When you purchase a Pacifica Hybrid, you may qualify for up to a \$7,500 federal tax credit* — the full amount allowed thanks to the 16kWh battery. You may even qualify for additional state and local credits.

Electric + gas = powerful efficiency.

The Pacifica Hybrid offers the best of both worlds. Powered by an electric motor and gasoline engine, it automatically switches between electric power and hybrid power. Now it's simple to get the efficiency you are looking for with a surprisingly extensive 566-mile total driving range.¹⁹

*State and/or local incentives may also apply.

Pacifica Hybrid 24

16kWh battery with the 3.6L Pentastar® V6 eHybrid engine.

The heart of the Pacifica Hybrid is the 16kWh lithium-ion battery, delivering up to 33 miles and 84 MPGe¹⁸ solely on zero-emissions electric power. It works seamlessly with a specially adapted version of the 3.6-liter V6 gasoline engine to deliver optimal efficiency. Additionally, every time you brake while driving, the Hybrid's regenerative braking system turns the motor into a generator, charging the battery to help extend the electric range.

Strong enough to power the vehicle for up to 33 miles¹⁸ on a single charge, the lithium-ion battery of the Pacifica Hybrid can be charged in as little as two hours with an available 240-volt Level II charger.¹⁹ The battery has a 10-Year/150,000-Mile Limited Warranty²¹ or a 10-Year/100,000-Mile Limited Warranty²¹ depending on where the vehicle is purchased.

Pacifica Hybrid 28

In harmony with its surroundings.

The symphony of interior hues, illumination and shapes complement exterior design cues to form the Hybrid signature style. The vivid Teal wing and leaf badging, charge light, Hybrid screens, available Ice Blue stitching and interior accents create a vibrant palette reflecting its environmental purpose from the inside out. The convenient five-point charging indicator, positioned on top of the dash, is visible at a glance, as well as from outside the vehicle to easily identify the battery's charge level from a distance.

Ready to drive.

Monitoring the Pacifica Hybrid energy output and input is so simple, you'll instantly know that it's ready to drive. The Pacifica Hybrid includes the standard Uconnect® 4C 8.4-inch touchscreen system with available navigation and Integrated Voice Command®. In addition, the Hybrid Electric Pages provide helpful vehicle information screens for Power Flow, Driving History and Charge Scheduling.

Blind Spot Monitoring²² [A] — Sees where you can't. This available system continuously monitors rear blind zones on either side of your vehicle via radar and, if a vehicle is sensed in the zones, will notify you via a yellow triangle symbol on the outside rearview mirror.

Available Rear Cross-Path Detection²³ monitors for vehicles/objects in perpendicular relationships to the vehicle when maneuvering backward in parking lots, and provides feedback to you by audible chimes and/or visual icons.

ParkSense® Rear Park Assist with Stop²³ [B] Parking close to other vehicles or objects is made easy with sensors positioned on the rear bumper. Park-Sense Rear Park Assist with Active Braking can automatically apply the brakes to prevent a potential collision, or contact with a vehicle behind you in low-speed parking situations. The system alerts you with a chime if your vehicle is too close to another vehicle or object, such as a building, bike, parking meter or lot barrier, as well as provides a visual reference in the Driver Information Display for further convenience.

IMPORTANT SAFETY RECALL

Plug-in Hybrid Electric Vehicle Fires

Dear SCOTT A OLSEN:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain 2018 Chrysler Pacifica vehicles.

WHY DOES MY VEHICLE NEED REPAIRS?

Some of the above Plug-in Hybrid Electric Vehicles (PHEV) may experience a fire potentially originating in the center of the vehicle ^[1] underbody with the ignition in the "OFF" mode. A vehicle fire can result in increased risk of occupant injury and/or injury to persons outside the vehicle, as well as property damage.

Until further notice, FCA is advising owners of these hybrid vehicles to refrain from recharging the high voltage battery, and to park them away from structures and other vehicles.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is not currently available. We are making every effort to finalize the remedy and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

The all-new 2017 **Chrysler Pacifica**

There are no typical days for the modern family, only equally chaotic. The all-new Chrysler Pacifica is up to the multitask and what happens between the schedule lines — moments that aren't planned. They remind us of what it's like to be a kid again. Introducing 37 segment-first^{1*} features invented to calm the storm of busy lives, together.

*A note about this brochure: all disclaimers and disclosures can be found on the inside back cover.

DEALER E-PROCESS

Curb appeal.

DEALER E-PROCESS

Generation us.

What's yours is theirs, and Pacifica stands for family pride as much as your home, while it raises the neighborhood bar. This all-new ultimate family vehicle displays a sleek, athletic stance with a sculpted body. Features like LED lighting, available chrome accents and 20-inch wheels highlight the sharp style to the new silhouette.

design 6

Engineered for strength.

The all-new Pacifica architecture is built from the ground up, starting with strategically placed dual-phase, high-strength, lightweight steel, resulting in a strong safety cage that contributes to impact protection.

The all-new Pacifica is the quietest vehicle in its class.²

Noise, vibration and harshness (NVH) take a backseat to a smooth and quiet ride.

The sculpted shape offers advanced aerodynamics, while the enhanced low-sound exhaust and motor volumes, laminated glass, Active Noise Cancellation (ANC) and triple-seal doors contribute to what makes Pacifica the quietest vehicle in its class.²

Utility gets a new platform.

The all-new architecture and independent rear suspension optimize ride and handling with a front suspension cradle configured for strength, stiffness and redefined driving dynamics. The low rolling-resistance tires are a key component to unsurpassed highway fuel efficiency in its class,* while stiffer wheel designs reduce NVH factors.

*Based on latest available competitive information and manufacturer's estimated 18 city / 28 hwy mpg with 3.6L engine and nine-speed transmission.

efficiency 10

Serene attention and respect.

The Hybrid powertrain provides highly efficient delivery of intuitive power and range. Modern exterior features include LED lighting, chrome accents, unique Silver Teal body color, as well as signature Teal badging accents, grille design and wheels exclusive to the Pacifica Hybrid. Bringing the outside in, Anodized Ice Cave interior accent finishes and Ice Blue stitching give a soothing sense of cabin serenity.

First-ever
Hybrid in its class¹
with 80 MPGe*

*Based on manufacturer's testing. Actual mileage may vary.

Day-tripping on a single charge.

Whether you're driving in the city or on the highway, the smart Pacifica Hybrid technology seamlessly transfers between gas and electric power based on how you're driving at that moment. It's about providing maximum efficiency and capability to cover lower-range daily driving, such as errands and carpooling, all within a single charge. A convenient five-point charging indicator on the instrument panel is visible from outside the vehicle to easily identify the battery's charge level.

80 MPGe* / 30* electric miles for 530*-mile combined range.

Look to the Hybrid technology for outstanding fuel economy of 80 MPGe*, a 30-mile electric range*, and a total driving range of 530 miles* with V6 powertrain and charge. The Hybrid model may be plugged in and electrically charged, as well as through regenerative braking by the gasoline engine.

Smart app.

The Hybrid-exclusive Uconnect® app lets you get your vehicle information remotely, so you can always be prepared and plan your charging schedule accordingly.

Hybrid screens.

Uconnect offers Hybrid Electric Pages on the Driver Information Display (DID), providing customizable efficiency and power-usage details.

Two-hour charge.†

The Pacifica Hybrid enables recharging of the battery via a standard 120v outlet or charge in as little as two hours† with an available 240v charging system.

*Based on manufacturer's testing. Actual mileage may vary.
 †Requires purchase and professional installation. See Chrysler dealer for details.

efficiency 14

Unsurpassed highway fuel economy in its class.³

18 MPG city / 28 MPG highway.*

When you choose the Pacifica, you get a powerful yet economic powertrain with a standard 3.6L Pentastar® Variable Valve Timing (VVT) V6 engine with 9-speed automatic transmission that delivers an impressive best-in-class¹ 287 horsepower and 262 lb-ft of torque.

*Based on manufacturer's testing. Actual mileage may vary.

9-speed transmission.

The all-new Pacifica is the only vehicle in its segment¹ to be equipped with the pioneering mechanics of a standard 9-speed automatic transmission — a primary contributor to fuel efficiency and driving dynamics.

interior 16

Wide open space.

Making room for more is rarely a hurdle with the all-new Pacifica's interior spaciousness, including best-in-class¹ cargo volume and second* and third-row seats that fold down into bins in the floor. Occupants in all three rows will notice the abundant leg room, shoulder room and head room for a relaxing, comfortable ride.

*Non-hybrid models.

Interior 18

Everybody in with available seating for 8.

The spacious family room on the go.

The available new seating for eight* includes an easily removable⁴ center seat in the second row, adding an armrest, cup holder and bin when the seatback is folded down. The eighth seat also increases the capacity of LATCH-installed child seats to five. This lightweight seat can be easily removed when additional cargo space is needed.

*Non-hybrid models.

interior 20

Formation finding.

Appreciate the awe-inspiring view while enjoying cloud formations and imagining distant galaxies. The spacious Pacifica interior is visually expanded with the segment-first¹ available Tri-Pane Panoramic Sunroof with power dual-pane, first- and second-row sunroof with third-row fixed overhead glass. The deep-tint glass and available sunshades give a moment of relaxation at any time of the day.

Class-exclusive⁵ Stow 'n Go[®] seating and storage — no heavy lifting or seat removal⁴ required.

Properly secure all cargo.

Properly secure all cargo.

With 243 different seating configurations, versatility goes further.

The all-new family room on wheels offers 243 different seating configurations with the available seating for eight. With seats stowed in the floor, an expansive flat cargo space will hold a large stack of 4' x 8' sheets of construction material. When seats are in the upright position, in-floor bins provide storage and gear organization.

The only minivan in its class⁵ with Stow 'n Go seating, storage and cargo system.

Designed to be used without having to remove⁴ the seats, the Stow 'n Go seating and storage system is the key to smooth transitions. With the new Stow 'n Go Assist feature, stowing gear or the seats in the second-row bins is as simple as pressing a button to slide the front seats forward, allowing easy access to the in-floor bin.

interior 24

EasyTilt third-row access.

Passengers can easily climb in and out of the third row using the class-exclusive,¹ second-row Easy Tilt seat feature. At the simple pull of a lever, the second-row seat shifts forward, even with an unoccupied installed child seat in place.

No-fumble entrance made easy.

With the available hands-free* liftgate and sliding side doors, a simple wave of a foot opens up the vehicle while the key fob is on or near you. Whether you're carrying shopping bags or a sleeping baby, getting settled has never been smoother.

*Late availability.

Properly secure all cargo.

Do-it-themselves with the available Stow 'n Vac integrated vacuum.

When things get messy, the convenience of an available lightweight, easy-to-operate, built-in vacuum by RIDGID® reaches behind the second row, making cleanup simple. Stored and contained near the second row of the driver's side, the most powerful integrated vacuum in its class² offers easy access to all corners of the Pacifica. Stow 'n Vac includes debris-drawer removal, for simple disposal, as well as a longer accessory hose for extended reach.

DEALER E-PROCESS

A headache-free zone and quietest vehicle in its class?

The premium, ergonomically designed seats support contours of the body and are available heated and ventilated along with generous leg room. The all-new Active Noise Cancellation (ANC) technology provides a peaceful cabin experience, contributing to the quietest vehicle in its class? The refined interior displays leather and cloth seating options with distinct stitching detail, as well as the standard Rotary E-shift dial and open center console with storage. The available 12-way adjustable driver seat with four-way power lumbar support and memory settings, heated steering wheel and keyless entry with push-button start are part of the available comforts that make Pacifica built to appreciate the driver.

The most technologically advanced vehicle in its class.¹

Pacifica transforms passenger productivity, entertainment and safety technology with the future of applied science and automation, bringing home and office capabilities on the road. The available 8.4-inch Uconnect[®] touchscreen has the ability to display turn-by-turn navigation instructions in the 7-inch full-color Driver Information Display (DID). The available all-new rear-seat Uconnect Theater offers the most advanced entertainment systems in its class.⁶ And paramount to helping protect you and your family is over 100 standard and available safety and security features that automatically react in the blink of an eye.

The most advanced entertainment system in its class.⁶

Uconnect[®] Touchscreen.

From coast-to-coast road trips to your daily commute, you'll have over 150 channels to enjoy. Online streaming is also included as part of your one-year trial. So, whether on the go, at home or work, you have the ability to customize your music and listen to your favorite content on demand. SiriusXM Traffic¹² and SiriusXM Travel Link¹² are included on the 8.4-inch Uconnect® radio with a five-year trial.

Go to siriusxm.com/getallaccess for more information.

Take charge from any seat.

A USB port located in the first-row center stack can be used to play movies on the Uconnect Theater 10-inch HD touchscreens. Available additional ports in the first, second and third row also provide charging convenience.

KeySense makes handing over the keys easier. Put limits on speed, audio volume, SiriusXM® Channel¹² skip and more, as well as activate safety and security settings for additional drivers with the available KeySense feature. All can be assigned easily from the Uconnect® touchscreen to be utilized with a programmable key fob.

Acoustically sound with Active Noise Cancellation (ANC).

Contributing to the quietness of the cabin, the standard built-in ANC technology means engine and street noise are subdued through white-noise wavelengths. The all-new Pacifica offers three levels of audio systems, which are equipped with six ANC microphones to enhance noise quality.

Personalize the vehicle information you see.
An available 7-inch full-color Driver Information Display (DID) delivers configurable and incredibly crisp graphics that are seamlessly integrated with cluster gauges. The display allows for a wide range of driver assist settings, such as digital speedometer, fuel economy, available Adaptive Cruise Control with Stop and Go,¹³ LaneSense® Lane Departure Warning with Lane Keep Assist,¹⁴ and turn-by-turn navigation. A host of trip, audio and vehicle settings and information are also customizable to what you would like to view.

Date night.

The life of the modern family is about quality time — wanting the most for each other while making time for yourself. The gorgeous and sleek all-new Pacifica silhouette makes a good case for parents' night out.

Advanced evolution.

The upper body and frame of the all-new Pacifica's unibody structure are engineered as a single unit, bringing a superior foundation for achieving premium sedan-like agility. This architecture carries exceptionally solid strength, advanced structural applications, optimized proportions, and dynamic qualities like an enhanced grade of high-strength steels. The new door design also increases visibility around the front windows and pillars while sound-absorbing barriers in body cavities and the engine area reduce overall passenger-compartment noise, contributing to less driver distraction.

Your family's safety and security are what matter most.

Over 100 standard and available safety and security features include advanced driver assistance features which help you to park, brake in the event you need it, as well as alert you of vehicles in your blind spot.

The modern minivan driver shows off power moves with confident agility and precision.

Tuned and calibrated on rural roads, thoroughfares, highways, and at validation facilities, Pacifica is equipped to deliver the ride, feel and comfort of a premium vehicle with precision-tuned handling for more aggressive driving characteristics and precise, responsive steering. The Pacifica utilizes approximately 65-percent high-strength steel for maximizing stiffness and strength — for vehicle dynamics and crash performance — while optimizing weight efficiency.

100+ standard and available safety & security features

safety 44

Available 360° Surround-View Camera¹⁵

No guesswork required.

Whether parking, changing lanes, or simply backing out of your driveway, the available full-surround camera views¹⁵ — with visual and audio alerts — provide a new level of technology. Along with keeping an eye on blind spots¹⁶ and the road ahead, Pacifica offers features that automatically slow and stop the vehicle if it's too close to another,¹⁷ or help steer it back into your lane if you've unintentionally drifted.¹⁴

Available Blind Spot Monitoring (BSM)¹⁶

BSM¹⁶ notifies you when another vehicle is present with illuminated icons in the outside rearview mirrors and chimes when selected. The system alerts you of vehicles in the blind areas when passing or changing lanes. Rear Cross-Path Detection¹⁵ notifies of vehicles crossing your path when your Pacifica is in reverse.

Available Surround-View Camera¹⁵ shown on the 8.4-inch Uconnect[®] touchscreen.

safety 46

Make pro-tip parking skills part of your daily routine.

With Parallel and Perpendicular Park Assist,¹⁵ your spot is open.

Helping to guide you into place confidently, the available ParkSense[®] Rear Park Assist with Stop capability¹⁵ and Parallel and Perpendicular Park Assist¹⁵ help you in your daily maneuvers.

Optional LaneSense® Lane Departure Warning (LDW) with Lane Keep Assist¹⁴ will automatically help guide you back into your lane if you've crossed the line without using your turn signal.

Available Adaptive Cruise Control (ACC) with Stop and Go¹⁵ identifies vehicles driving in front of yours and maintains a set distance between you, including Full Stop functionality if necessary.

Pacifica helps to keep you at a safe distance.

Preventing potential impact, available Forward Collision Warning (FCW) with Active Braking¹⁷ will slow, as well as stop in some instances, your Pacifica to help prevent an impact.

Stow 'n Go® Cargo Bins.*
Lightweight bins fit seamlessly within the Stow 'n Go compartments, providing additional storage options when the second-row seats are not in the stowed position. Sold as a set of two.

All-Weather Mats.
These molded, custom-fit mats feature deep grooves to trap and hold water, snow and mud, protecting your vehicle's carpet from the elements. The mats, a must during inclement weather, are sold as a set of five. All-Weather Cargo Mat is also available.

Roof-Mount Ski and Snowboard Carrier.*
This convenient carrier holds up to six pairs of skis, four snowboards or a combination of the two. Carrier opens from either side and features corrosion-resistant lock covers. Carrier mounts to the standard Stow N Place® Roof Rack System or Roof Rack Kit.†

Hitch-Mount Bike Carrier.*
Hitch-mount carrier comes in two-bike and four-bike styles (both fit two-inch receivers). Each style folds down to allow your vehicle's liftgate to open without having to remove bikes. Carrier features carrying clamps and security cable.

Premium Cargo Carpet Mat.
This premium, substantial cargo mat helps protect your vehicle's carpeting. The mat is custom-contoured for a precise fit and is constructed with a superior-gripping backing to help keep it firmly in place. Mat also features a Chrysler metal badge logo and removes easily for cleaning. Set of five Premium Carpet Floor Mats is also available.

Hitch Receiver.*
Receiver increases towing capacity to up to 1,800 lb with weight-distributing equipment. The Hitch Ball, Ball Mount and Wiring Harness are sold separately.

Re: **Notice of Violation of California's Consumers Legal Remedies Act and Demand for Relief Pursuant to Cal. Civ. Code § 1782**

To Whom It May Concern:

Cotchett, Pitre & McCarthy, LLP represents Scott A. Olsen ("Plaintiff") owner of a 2018 model Chrysler Pacifica Plug-in Electric Vehicle ("PHEV"). Mr. Olsen will seek to represent a class of all California owners and lessees of 2017 to 2018 Chrysler Pacifica PHEVs (the "Class Vehicles"). This letter is to serve as notice and demand for corrective action by FCA US, LLC ("FCA"), pursuant to the Consumers Legal Remedies Act, California Civil Code §1782(d).

Plaintiff alleges that FCA engaged in deceptive acts and practices, including by misrepresenting the quality and safety of Class Vehicles. As a result, Class Vehicles are at heightened risk of spontaneous fire.

FCA's conduct violates California consumer protection law, including California's Consumer Legal Remedies Act, California Civil Code §1750, *et seq.*, because FCA

- a. misrepresented the source, sponsorship, approval, or certification of goods or services in violation of the Consumer Legal Remedies Act, Civ. Code §1770(a)(2);
- b. represented that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities that they do not have in violation of the Consumer Legal Remedies Act, Civ. Code §1770(a)(5);
- c. represented that goods or services are of a particular standard, quality, or grade, or that goods are of a particular style or model, if they are of another in violation of the Consumer Legal Remedies Act, Civ. Code §1770(a)(7);

Mr. Olsen and the other similarly situated purchasers and lessees of the Class Vehicles ("the Class") have suffered harm as a result of these violations. FCA sent consumers of Class Vehicles notices admitting, "a vehicle fire can result in increased risk of occupant injury and/or injury to persons outside the vehicle, as well as property damage," and that, "the remedy for this condition is not currently available."

REQUESTED REMEDIES

Plaintiff DEMANDS THAT WITHIN THIRTY DAYS you remedy your violations by doing the following:

- I. Subject to monitoring and confirmation by Plaintiff's counsel, compensate proposed class members for all injuries caused by FCA's misrepresentation of the quality and safety of Class Vehicles resulting in Class Members' harm, including costs associated with the repair needed to ensure Class Vehicle functionality and safety, restitution of all monies paid for the sales price of the Class Vehicles and diminished value of the Class Vehicles.
- II. Immediately cease the above-described violations of the CLRA.
- III. Immediately engage in in a corrective campaign to fully disclose material information about the Class Vehicles' risk of fires.
- IV. Pay into a court-approved escrow account an amount of money sufficient to pay Plaintiff's reasonable attorneys' fees and costs.

Please contact us within thirty days to discuss FCA's implementation of these remedies.

Sincerely,

ANNE MARIE MURPHY
