

Diversity & Inclusion

“It is time for parents to teach young people early on that in diversity there is beauty and there is strength.”—*Maya Angelou*

CPM's top priorities include diversity and inclusion. Our law firm reflects the diversity of our clients and the diverse world we serve. We believe that diverse and inclusive teams bring richer perspectives to the table and produce the best results for our clients.

Our employees benefit from interacting with the perspective, creativity, and talents offered by each other. Our vision is to maintain a workplace where diverse employees can have and can see a path to long-term success. The diversity of our law firm has been the foundation of our success in the past half-century.
