

CPM is Named Co-Lead Counsel in Suit Filed for Generic Drug Price Manipulation of Digoxin and Doxycycline

CPM's attorneys Steve Williams, Adam Zapala, Joyce Chang and team recently filed complaints on behalf of consumers who purchased generic doxycycline and/or generic digoxin from defendants. Plaintiffs allege that defendants conspired to unlawfully raise the prices of generic doxycycline and generic digoxin to supracompetitive levels—thereby injuring consumers and members of the Indirect Purchaser Classes.
